DR. STRAUS,
SURGEON DENTIST,

WOULD inform the citizens of Louisville and its vicinity, that he has located himself here permanently, for the purpose of practicing his profession in all its various branches, after the latest and most approved style. Having practiced for the last twenty years in New Orleans, I feel confident of giving satisfaction to every one who may honor me with a call. I would call the particular attention of the public to my mode of filling teeth, which is done in such a manner as to get twice the amount of gold into a cavity, as done in the usual way. I am, therefore, "guarantee" every tooth plugged in such manner to be as good as if never decayed.
Artificial teeth inserted—from one to an entire set—not only for beauty, but also for use, with or without suction, such as the case may require. Teeth extracted with as little pain as possible, and all other operations pertaining to dentistry.

New Carrier.

Mr. G H. Smith has taken the route for the delivery of the Courier in the district lying south of Jefferson and east of Second street. He is an indnstrious and reliable carrier, and will be prompt in the delivery of the paper as soon as it comes from the press. His interest in the route dates from the 2d of August, to whom alone payments must be made for papers delivered since that time.

Foreign News.

The steamship Niagara, with Liverpool dates to the 21st ult., has arrived at Halifax.

The commercial news is important.

In the race for the Goodwood cup, Saunterer was the victor. Charleston was the only American horse that started, and he came in last but one.

The Election.

We gave returns yesterday morning from 83 counties, all of which were official except three. In one of these, Hopkins county, the majority reported was wrong. We give the official vote from that and other counties this morning

	REVILL.	McKEE.
In 82 counties	54,277	47,905
Hopkins	825	636
Pike	721	166
Hickman	566	205
Clay	428	313
	56,817	49,225

Revill's majority 7,592.

In the counties from which we have yet no returns. Garrard received 7,256 and Jones 3,551.—Revill's loss so far, compared with that vote, is 1,554. We think there will be a further but slight loss, and his majority will hardly exceed 21 000.

Capt. Rousseau's Slanderers.

Some unprincipled jail clique Know Nothings are circulating it over the city that Capt. L. H. Rousseau on the day of the election, at the time he was shot, denounced the whole American party as thieves and scoundrels. The charge is a slander Rousseau did no such thing. He confined his denunciation to the election bullies who were driving men from the voting place in the Sixth Ward by violence and intimidation. Capt. Rousseau is an American himself, and agrees not with us in politics; but we want to see him dealt with fairly He is confined to his bed, and can't defend himself from the slanderer's vile tongue. When he leaves his sick room, he will no doubt take care of himself Until then, none but cowards will assail his character or report his words unfairly.

PEWEE VALLEY RESIDENCE.—The property advertised to-day by Mr. Gallagher, we know to be very desirable. in several respects. The orchard grounds are but a short walk from the railroad station, and are handsomely laid out, and planted with the best of fruits in great variety. The farm is within a half hour's ride of the station, on the outer rim of Pewee Valley, high, healthy, and picturesque—good upland, much of it laid down to grass with pure spring water in nearly every division.

The tendency to go to the country for family residences is increasing among our citizens, and is a very sensible one. Pewee Valley is justly becoming a favorite spot, and, since the accommodation line has become a fixed fact, and a regular institution is bound henceforth to "go ahead" more rapidly than ever. Four first-class rural residences are now going up in the Valley and its vicinity, and several others are contemplated for next spring's work. Cowper says truly that "God made the country," and man should seek its green fields and its noble groves for the health, enjoyment, and happiness of his wife and little ones.

LEWIS & WILKES.—We ask the attention of our readers, and especially of our country dealers, to the advertisement in another column, of Messrs. Lewis & Wilkes, importers of and wholesale dealers in hardware, queensware, and English and German fancy goods. This is one of the oldest and best houses in Lonisville, which has, by its honorable and fair dealing built up a very heavy and prosperous business. They are their own importers, bringing their goods direct from the manufactories in Europe through the Louisville Custom House, thus enabling them to sell the same character of articles on equally as advantageous terms as they can be purchased at the Eastern cities.—Their stock for the fall trade will be very large, complete, and desirable, and they will offer the strongest inducements to "cash and short-time purchasers."

CAUTION.—Every article of genuine merit and high reputation is subject to extensive and gross counterfeits. Many years since, Messrs. Lea & Perrins' of Worcester, England, introduced their famous Worcestershire Sauce to the American public, through their Agents, Messrs. John Duncan & Sons, of New York, and it is doubtless the finest sauce extant. Unprincipled parties are now making and vending spurious articles, put up in style as nearly as possible to resemble the genuine.

Purchasers will do well to see that the names of Lea & Perrins' (observe the spelling,) are upon the Wrapper, Label, Stopper and Bottle, and the name Jno. Duncan & Sons, New York, on the Red Label.

HOG AND CHICKEN CHOLERA.—The Petersburg, Ind., Reporter, says that in Pike county the cholera is prevailing with fatal effect. Many of the heavy and most extensive hog-raisers will have to buy pork for their own use this coming fall. Some are losing from fifteen to twenty head a day. We also learn that an epidemic similar to the hog cholera has attacked the chickens in some parts of that county. This disease seems to be spreading with more alarming rapidity in Southern Indiana and Illinois than anywhere else.

☞ A shocking murder was perpetrated in Montreal, on Tuesday night last. Some persons hearing a noise in a house occupied by a man named Patterson, forced open the door and found Patterson's wife lying on the floor gasping, and in an exhansted condition, while her husband was observed stretched on a bed in the same room.—A physician was sent for, but jnst as he arrived, the unfortunate woman breathed her last. Patterson was immediately arrested on a charge of murder. The prisoner is about twenty-nine years of age, and his wife was twenty-five.

CHICAGO HERALD.—We have for several days past been in receipt of a neat daily paper published at Chicago under this title. It is handsomely printed, is edited with remarkable vigor and ability, and its local and news columns evince industry and good judgment. The Herald is National *Democratic* in its politics, and cannot fail to exercise a useful influence with reflecting and intelligent men. We wish it great success.

☞ The Lexington Observer exults because the Ashland district, at the last election, gave McKee a majority of 14 votes. After next August our cotemporary will sing after another fashion.—James B. Clay will then increase his majority of 196, last year, to 500 at least, and in all probability 1,000. The people of the Ashland district will not follow Crittenden and Humphrey Marshall into the Black Republican camp.

GREAT EXCITEMENT IN BOWLING GREEN!!

[Correspondence of the Louisville Courier.]

An Abolitionist Caught—An Attempt Made to Hang Him!

BOWLING GREEN, KY., Aug. 10.

Editors Louisville Courier: On Saturday night, the 31st ult., the house of John Graham was entered, and a considerable amount of silver ware and other articles were stolen therefrom. A reward of fifty dollars was offered by Mr. Graham for the thief. On last Saturday night, a week after the robbery, a white man, hailing from your city, by the name of George Harrison Howard, a cooper by trade, left in company with a woman who had been in the employment of Mr. Graham, another woman, and a man belonging to Mr. N. Loring.—They procured a skiff, and after packing up their tools, together with their stolen goods, started for parts unknown. They were seen to pass down the river, and a company started in pursuit of them. They were overhauled near Lock No.1, and as soon as they discovered their pursuers, they commenced throwing their stolen treasure overboard, together with, as this man Howard says, a box containing counterfeit money, and tools for making it. The negroes were taken, and after having five shots fired at him, Howard landed and made his escape. The negroes were brought to town on Monday evening, and put in jail. A reward of several hundred dollars was offered for the Greeleyite, and a company left town in pursuit of him. They found him, and arrested him. He was brought to town this morning, where the intensest excitement prevailed. Many men were for hanging him right off, without judge or jury. He was taken into the court house, whereupon Jno Burnam, Judge Hines and John Graham addressed the crowd, imploring the people to let the law take its course. Mr. J. C. Wilkins, a prominent lawyer here, also spoke, and told them that he would volunteer his services as a lawyer to prosecute Howard, but contended for the execution of the law. A writ was served upon Howard, and he was put upon trial—his Honor, Judge Hines, presiding. After a careful investigation, the Judge required bail of him on five charges, in the sum of $2,000 each, in default of which he was committed, well ironed, to jail, to await his trial.

We can stand anything here but Abolitionism. They had better not come to Bowling Green. This scoundrel deserves punishment, and we hope it will be meted out to him to the extent of the law; but, as we have always been opposed to mob law, we are rejoiced to have it to say that the law has been vindicated, although the case was an aggravated one—and one, we venture to predict, if repeated in this community, will be met with summary punishmeut. Yours, in haste,

KENTUCKY.

The Wife Murder—Norrell Committed.

Alfred Norrell, who was arrested in Jefferson county, on Sunday, for the murder of his wife, had an examining trial yesterday, before Esquires Clement and Matlack. The evidence was circumstantial, and leaves hardly a doubt of his guilt. He was committed to jail without bail, for murder in the first degree.

TO CONSUMPTIVE INVALIDS, *and all those who suffer with diseases of the Throat and Lungs*—We are requested to say, that owing to the number of invalids who have written to Dr. Flower, and are on their way to this city in order to consult him, that Dr. F. has returned to Louisville, Ky., and will remain at his office, on the corner of Centre and Green, during the summer months. He is desirous of establishing a permanent office in this city. His peculiar theory is rapidly gaining for him a successful practice. He offers as usual, consultations free to all.

THE SARATOGA.—John Hunt advertises the "Saratoga Saloon" in another column. This establishment is on the southeast corner of Fifth and Jefferson, and he has fitted it up in the most snperb style. His bar-room is large—his billiard rooms and appurtenances equal to any in the city, and he furnishes the best of liquors to his patrons. Mr. Hunt will, no doubt, keep a model of a saloon—furnishing the best of every thing to his friends, together with the most courteous attentions by himself and assistants.

ARRESTED, CHARGED WITH PERJURY.—Henry Beardsley was arrested yesterday by Officer Vansant, on the charge of perjury. The crime, it is alleged, was committed by his swearing before Squire Stephens in the late affair of Thompson and jail affairs. The matter will be investigated in the police court this morning.

☞ A good many of our exchanges are publishing, as genuine, what purports to be a letter from President Buchanan to Hon. Wm. H. English. It is a stupid forgery perpetrated by Gregg, the dirty dog, of the New Albany Tribune, whose tastes, habits, and talents peculiarly qualify him for such nasty business.

THEATER.—The Louisville Theater, which has been handsomely decorated and refitted, will open on Monday evening next. We understand that Mr. Alfred N. Gilbert succeeds Col. James S Wallace in the management. He is well qualified for the position, and we wish him abundant success in his new vocation.

☞ Cooney, the mate, who was committed to await a requisition from the Governor of Louisiana for killing a man on a steamboat, is said to act in a manner indicative of insanity. He tried to convince the jailer that he was shot at by two men a few nights since. Other things tend to show him insane. It may be feigned, however.

LOUISVILLE BASE BALL CLUB.—There will be a match game played between the first and second nines, Thursday, August 12th, at half past 3 o'clock, P. M. The club will be happy to see on their grounds, corner Fourth and Kentucky sts all lovers of this interesting game.

☞ A woman, said to be a notorious character, attacked a man in Montreal, on Tuesday, severing his lip and mutilating his face in a dreadful manner with a razor. She also attacked another man with an axe, making an incision that penetrated to the brain.

☞ Our readers will recollect the sale of that beautiful rich country seat of Mr. John Fonda's comes off to-day at 1 o'clock; also his household furniture. Mr. Fonda's health compels him to remove to the South.

☞ The weather yesterday, and in fact all this week, has been exceedingly warm and oppressive At ten o'clock, yesterday morning, the thermometer in the shade, on Main street, was at 82, and in the evening, at two o'clock, it had risen to 92.

THE ATLANTIC CABLE.—Specimens of the great Atlantic telegraph cable can be seen at the drug store of Thomas E. Jenkins, corner of Third and Walnut streets, and at the hardware store of A. McBride, on Third street, near Walker's.

☞ Our numerous friends throughout the State will please accept our hearty thanks for their attention in forwarding us election news. With their assistance, we have been able, as usual, to distance all cotemporaries.

☞ Go early and get your seat at the Walnut street Methodist Church, this evening, as you will be entertained by desertations and songs from the children. We flatter ourselves that it will be exceedingly interesting.

☞ Steam has been successfully introduced on the Erie canal. The Buffalonians had a celebration in consequence, the other day. Steamboats on the canal! that will do.

☞ Charley Reufer, of the St. Charles Restaurant, is in receipt of a lot of grouse and ducks.—The larder of this excellent establishment is well supplied.

☞ It is stated, upon good authority, that the Kentucky Central Railroad, between Covington and Lexington, has been so badly managed that its condition is one of utter insolvency.

☞ Our markets are now abundantly stocked with watermelons and cantelopes, and pretty well snpplied with fine peaches.

☞ Fillibnster Walker, we learn per telegraph, is in Alabama, and not en route for Sonora, as has been rumored.

DROWNED.—A lad named Alfred L. Bunce, aged 9 years, from Louisville, was drowned in St. Francis river, Ark., on the 30th ult.

☞ Chills and fever seem to be quite prevalent this season.

☞ We have heard it stated that Gen. Pilcher, the "American" Mayor of Lonisville, has embraced the Catholic religion. Gen. Pilcher has been in ill health for a long time, and no hopes are entertained of his recovery. Several members of his family are Catholics, we believe.

DISTRESSING CASUALITY—*A Well Known Citizen Instantaneously Killed.*—There was considerable feeling manifested among our citizens, at an early hour this morning, at the intelligence received of the sudden death of Squire J. Johns, an old, well known and respected citizen. Upon inquiry, we ascertained the facts connected with this melancholy occurrence, were as follows: The deceased lives near College Hill, but has, for years past, carried on one of the most extensive furniture establishments in the city—the sale rooms of which are on Fourth street, south side, near Sycamore.

The deceased arose at an early hour this morning, and upon going out observed a hawk flying about the yard. He asked the hired girl for the gun. It was brought, when he inquired if it was loaded. She replied that she thought not. He then requested her to get the caps. She turned to get them from a drawer near by, when Mr. Johns raised the hammer of the gun, and was in the act of placing his mouth over the muzzle, when his dog came jumping up to him, and in the act donbtless touched the trigger, when the gun was fired—the contents passing through the head of the deceased, blowing off the upper portion of the head, together with the left eye, and scattering the brains in almost every direction, almost completely emptying the brain pan.

No one but the deceased and the hired girl were up at the time. She immediately gave the alarm, when the family rushed down stairs to behold the husband and father a ghastly and mutilated corpse at their feet.—*Cin. Times.*

NOTICES.

NOTHING ELSE DOES ME ANY GOOD.—LANCASTER, C. H., S. C., May, 1856.—*Dr. C. M. Jackson, Philadelphia—Dear Sir:* I have been afflicted with Dyspepsia for a number of years, and until three years since I could find nothing which would afford me relief. Fortunately for me, I heard of "Dr. Hoofland's German Bitters," and thought I would try them, not, however, with much faith that I could be benefitted by their use.

To my surprise I found that on taking a few doses I was relieved of the pain in my side and chest, my appetite became good, I gained strength, and in fact felt stronger and in better health than I had for a long time. I do not allow myself to be out of Bitters if I can obtain them, for *nothing else does me any good.* I am willing at all times and ready to state my case to any one who may wish to know the full particulars, and shall, with pleasure, recommend them to all who may be afflicted with Dyspepsia or Liver Complaint, for I believe if anything will give them relief they will be relieved by Hoofland's German Bitters. Many persons in this district have used the Bitters with beneficial results, and I have no doubt you could get a number of certificates were you to ask them, for to my certain knowledge quite a number have been very much benefitted by the use of your medicine.

I almost forgot to mention that my daughter, about six years of age, was cured of Jaundice by Hoofland's German Bitters. I think best to mention this, as I have never known them used in any case of the kind. Respectfully, yours,

A. HALES, Silversmith.

Witness, J. D. Glenn.

These Bitters are prepared by Dr. C. M. Jackson, 418 Arch street, Philadelphia, Pa., and sold at 75 cents per bottle, by druggists and storekeepers in every town and village in the United States, Canadas, West Indies, and South America.

Where the machine is given a fair trial it is certain to give satisfaction, and has proven to be, as represented, a great saving of time, hard labor, and wear of clothes.

The machines are manufactured and sold by R. D. Porter & Co., 96 Third street, and sold by Johnson & Poindexter, Jeffersonville, Ind.; Duckwall & Bro., Portland, Ky.; J. C. Howard, New Albany, Ind.; and by Page, Gaines & Co., Frankfort, Ky. jy22 d&wtf

CHILLS! CHILLS! CHILLS!

HUGHES'S TONIC is purely vegetable in its composition, and will be found peculiarly adapted to the cure of *Chills and Fever* in all cases, and particularly so in delicate females and children. In nervous and debilitated constitutions, caused by ague and other malarious diseases, it will be found of decided benefit by counteracting any nervous derangement, and by giving tone to the Stomach and Liver, thereby restoring the system to its natural vigor. In its effects it differs from Quinine in producing no headache, giddiness, nausea, or any other unpleasant sensations whatever. Testimonials of its efficancy can be seen at our store at any time.

The mining company made an armed attack upon Fremont's men, who were making a lend quarry at the Pine Tree drift. Fremont's men defended themselves, holding possession of the place, with arms in their hands, for several days. An application was finally made to the Governor, who was preparing to call out the military, when the assailants withdrew, leaving Col. Fremont's men in possession.

The steamer Commodore, which left San Francisco on the 5th of July for Victoria, had returned in a sinking condition. She had a large freight and many passengers.

The California markets are not quite so firm, owing to many arrivals from the States and the heavy importations of the fortnight. There was, however, a heavy demand for cured meats and flour until within a few days, when it fell off, owing to rather discouraging advices from Frazer river. Coal, which had further advanced on the opening of the fortnight, met with a heavy decline towards the close, owing to the withdrawal of two steamers from the Frazer river route. There have been large transactions in coffee, all of which is sold into second hands, and held for an advance. Mackerel and codfish had experienced a fair business. Provisions of all kinds had advanced, particularly pork and bacon, of which large purchases had been made of lots to arrive. Butter is drooping. Lard has heavily declined. Rice is also lower. Sugars are drooping, with large stocks on hand.

THE RIVER was about at a stand yesterday, with fully four feet water in the canal, by the mark, which is a variation of only an inch during the past three days. Boats drawing five feet water could work through the canal, which is about the channel depth on the shoalest bars below the falls, though the Southerner's report was but four feet. The weather has been excessively warm during the past three days—it being as warm as at any former period this summer. the thermometer in the shade yesterday at 10 o'clock indicating 82, and at 2 o'clock in the afternoon it was as high as 92.

At Cincinnati and Pittsburgh yesterday the river was falling, with very little water at the latter point, and navigation to and from that quarter may be regarded as again suspended.

LOSS OF THE EDWIN MANNING BY FIRE ON THE MISSISSIPPI.—The Edwin Manning, while lying at Alton, twenty five miles above St. Louis, took fire Monday, and was soon enveloped in a mass of flame, from which it was found impossible to save her. The fire originated in the cook house, and spread rapidly. Capt. Cabbell, the mate, watchman, and two deck hands, suddenly aroused, exerted themselves to subdue the flames; and citizens, with three fire engines, were soon on the spot, but as all efforts to save her were useless, the York State attached a line to her, and towed her into the middle of the stream, where she was left to her fate. The yawl was lowered, but being old and leaky, all hands bailing could not keep it clear of water. Finally they gained the shore in safety, the captain being minus hat, shoes and socks, and a pair of pantaloons, in the pockets of which was the sum of $200.

The Edwin Manning was bound to St. Louis from the upper Mississippi with the following cargo, which was insured for $6,000: 141,200 feet dressed lumber and 11,000 laths.

The boat was built a year ago at Marietta, on the Ohio, and was a sternwheeler. Her value was $11,000 insured for $7,000 in two Pittsburgh offices—the Eureka and Monongahela. She had just been repaired at a cost of $1,500. Boat and cargo are a total loss.

☞ The Telegraph No. 3, at Cincinnati, was not hauled out on the ways, as her timbers were all sound.

The Potomac and Lightfoot, up river boats, have laid up at Cincinnati.

The following is from the Commercial of yesterday.

Boggs is making a couple of wrought iron water wheel shafts for the Judge Torrence—the largest ever forged here. The weight of each will exceed 6,000 pounds.

Capt. Wm. McClain will remain here a few days for the purpose of superintending the repairs to the Bostona.

A French deck hand, named Paul Lansterer, was drowned from the Eleanor Hickman, at Memphis, early on Thursday morning last. He fell overboard while assisting in hauling in the gangway plank, and sank to rise no more. He shipped here on the last down trip of the boat, and leaves a wife and two or three children residing back of Newport.

A fisherman, named Keefe, a deck passenger, died on the Aurora on Monday, above Louisville. His remains were left at Lawrenceburg for interment, where he leaves a family.

BOAT RACE AT PITTSBURGH.—We copy the following description of a race beween the Darling and Putnam, each manned by four oars, from the Gazette of Monday. The prize was a stand of colors. The Putnam boys have since challenged the Darling for a $500 race.

The boat race attracted a tremendous crowd on Saturday. The crews of both the Putnam and the Darling appeared in fine trim, except that, as is said, one of the Putnam men had a lesion on his hand. They started from the Monongahela bridge a few minutes before seven P. M., and ran a distance of three miles—one mile and a half each way, the Darling coming out victor by a considerable margin. A loud cheer went up as the boats came in. The Putnam boys "caught a crab" shortly after starting, losing about a length, and one of the Darling boys sulked in his oar and lost the balance twice. The time made was 22 minutes and 40 seconds. There was a large number of ladies looking on from the bridge and steamers and considerably enthusiastic at times. The river was also crowded with little crafts of all descriptions, filled with persons anxious to be near and see everything connected with the race.

THE PENNSYLVANIA DISASTER—INSPECTOR'S DECISION.—The local board of inspectors at St. Louis have sent in their report in reference to the terrible disaster to the railroad packet Pennsylvania, in the lower Mississippi. The blame is visited upon the head of the surviving engineer, who is dismissed from the trade. The following is the conclusion of their report:

"As we have before mentioned that we are of the opinion that those terrific disasters cannot occur when the engineer is watchful and attentive, and that the engineer has means within his reach at all times to control the useful agent, steam, and that, therefore, this disaster must unquestionably have been the result of negligence or inattention on his part."

"In completing, we have considered all the facts and circumstances we possess in relation to this disastrous occurrence, which has been attended with such unparalleled destruction to human life, and have considered it to be our imperative duty to withdraw Francis Doris from the profession of an engineer, and he can no longer be permitted to assume the duties of that responsible calling. Very respectfully, JAMES H. MCCORD, H SINGLETON.

☞ The St Louis Republican of Tuesday, has the following river items

The river at that point receded about six inches last evening, and is still falling slowly

The Illinois river is falling slowly, and the Missouri is reported to be rising rapidly by the last arrival. The Lucie May from the Upper Mississippi, reports the river stationary from St. Paul to Lake Pepin, and rising from there to Keokuk, falling from Keokuk down; weather very hot the whole trip; very heavy rains have fallen North of Keokuk; wheat and oat crops not yet secured, and weather too wet to stack.

The David Tatum had a successful trip in the Missouri, and the best thing she did was to sell herself for $5,000. The purchasers of the David Tatum were Messrs Andrew L. Kerr, Capt. Perry and others of Brunswick, Mo.

Capt. Triplett, of the Southorner, which arrived from Memphis yesterday morning, reports the Ohio falling, but the Wabash was high, and rising, and Salt river was rising.

The Wabash, at Vincennes, up to Sunday evening, had risen over six feet, and it then commenced receding.

☞ The Superior, from Cincinnati yesterday, had a very heavy freight of merchandise and coffee, including the freight reshipped from the Eunice.

FOR CAIRO.—The favorite packet John Gault having been detained completing her cargo, takes her departure to Mound City and Cairo this morning at 11 o'clock. She starts from Portland, in charge of Capt. Bunce, a very popular boatman, who will provide sumptuously for passengers. The John Gault takes freight for Memphis and New Orleans.

SUDDEN DEATH.—Jerry Lynch, of Memphis, a passenger on the Imperial, died very suddenly while the boat was at Cairo. He was found dead in his berth.

☞ Golden Age is the name of a new tavern, located on Water street, just below Fourth, under the auspices of Campbell & Kremer, the former a well known, popular engineer on the river. They have a very neat house, and provide choice liquors.

MULES FROM MISSOURI.—A lot of 182 fine 2 year old mules from Boonville, were shipped to New Orleans on the Michigan the other day.

COMMERCIAL.

OFFICE OF THE DAILY COURIER,
WEDNESDAY EVENING, August 11, 1858.

The market has been rather quiet during the past week, but we notice a marked firmness for most articles of produce and consumption, consequent mainly upon light supplies. The provision and the tobacco market appears pretty well sustained, with, however, but limited transactions of the former, and but moderate receipts of the latter. The prospects of the next crop of tobacco are represented as favorable, though early frosts will prove disastrous to that and corn. Holders of the manufactured articles from hemp exhibit more firmness than heretofore, while the stocks on hand are materially reduced. The supply of flour is light, which enhances prices, and we remark but limited receipts of wheat, the price of which is well sustained. Various other articles have slightly advanced, as will be noted in our summary annexed. Groceries continue firm, with considerable receipts of coffee from the East.

The weather during the past week has been excessively warm, relieved with but a slight shower of rain, and to-day it was clear, and the thermometer indicated about as warm weather as we have had this season. The river has been fluctuating—rising a little and falling a little, being at a tolerable low stage, too low for heavy boats, but at a fair stage for light ones, with but moderate shipments, as the rates of freights have been enhanced, checking shipments.

Our quotations are altogether the wholesale prices for articles, which, on time orders, or retail sales to the country, command an advance.
